

SNAP Education Program is now available to you.

The SNAP (Food Stamp) Assistance Department of the North Texas Food Bank is pleased to announce the launch of its SNAP Education Program. NTFB staff are available to educate your clients in the following ways:

- Representatives will speak to your clients at your location in a group setting, providing your clients with **applications** and **educating** them about the program.
- Your Agency can request **printed materials** for distribution to your clients that include contact information for the NTFB SNAP staff.
- If there is enough interest at your location, NTFB staff are also available to make a one-time visit to your location to **process applications** for a group of people.

To request any of the services above, or if you have any questions, please contact **Carolyn Carter** at **214.330.1396**, or **carolyn@ntfb.org**.
